Anton Panteleimonov

CV

Born:	1983, Donetsk region, Ukraine
Family status:	married
Residence:	Kharkiv, Ukraine
Citizenship:	Ukraine
Affiliation:	V. N. Karazin Kharkiv National University (KhNU), Materials Chemistry Department (MCD)
Position:	Since 2017 - Vice-Rector for Research and Education (KhNU) 2013-2017 - Academic Secretary of the University Research Division (KhNU) Since 2011 - Associate Professor, Senior Researcher (KhNU, MCD) 2009-2011 - Senior Lecturer, Researcher (KhNU, MCD) 2008-2009 - Assistant Professor, Researcher (KhNU, MCD) 2006-2008 - Engineer, Researcher (KhNU, MCD) 2003-2005 - Laboratory Assistant (KhNU, MCD)
International Activities:	2019 November - The Project "Innovation University and Leadership. Phase V: Interdisciplinarity and Interindustriality and University Development Strategies", Warsaw, Krakow, **Poland** (Participant) 2019 March, September - The Project "Polish - Ukrainian Cooperation Of Academic Stakeholder Organizations Representing Rectors For Improving University Performance", Poznan, Warsaw, **Poland** (Expert) 2019 April - Shandong University of Science and Technology, Qingdao, **P.R. China** (Invited Lecturer) 2018 October - Workshop "Challenges of the Scientific and Technological Evolution for the Export Control Systems", Tbilisi, **Georgia** (Participant) 2018 September - International Rector Forum "Belt and Road", Anhui University, Hefei, **P.R. China** (Participant) 2016 November - Workshop "Support Tools mobility of researchers in the financial sector of the European Union 2014-2020", Lodz, **Poland** (Participant) 2013 May - International Conference on the Fundamentals of Adsorption, Baltimore, MD, **USA** (Participant) 2013 April - I Workshop on Multifunctional Hybrid Materials, Porto Alegre, RS, **Brazil** (Invited Speaker) 2012 August / 2013 August - University of Campinas, SP, **Brazil** (Post Doctoral Researcher) 2007 September - 4th Black Sea Basin Conference on Analytical Chemistry, Sunny Beach, **Bulgaria** (Participant)

Academic Status:	2013 - Associate Professor
Degrees:	2009 - Ph. D. in analytical chemistry at the KhNU, advisor - Prof. Yuriy V. Kholin. Ph. D. Thesis: "New chemometrical tools for handling data of analytical experiment" 2005 - M. Sc. at the KhNU, advisor - Prof. Yuriy V. Kholin. M. Sc. Thesis: "Fuzzy sets theory for solving the tasks of detection and identification" - with honours 2004 - B. Sc. at the KhNU, advisor - Prof. Yuriy V. Kholin. B. Sc. Thesis: "Mathematical models of the probability distribution's functions in test analysis" - with honours
Education:	2005-2008 - Ph. D. student, KhNU, MCD 2004-2005 - M. Sc. student, KhNU, MCD 2000-2004 - B. Sc. student, KhNU, MCD
PhD Thesis Supervision:	Oleg Tkachenko - Sorption and complexing equilibria at the surface of nitrogen containing weakly and strongly basic organo-silica anion exchangers (completed, 2016, KhNU)
Educational activity:	Chemometrical methods in chemistry (M. Sc., lectures) Informatics and informational technology (B. Sc., lectures and laboratory works) Statistical and chemometrical methods in chemistry (B. Sc., lectures and laboratory works) Ecotechnology (B. Sc., laboratory works) Analytical chemistry (B. Sc., laboratory works) Chemistry of high-molecular compounds (B. Sc., laboratory works) Organic chemistry (B. Sc., laboratory works) Advisor of the 5 M. Sc. and 11 B. Sc. Qualifying Works during 2008-2016
Language Capabilities:	English - intermediate (certified) Russian and Ukrainian - native
Research Interests:	Data analysis in chemistry: chemometrics, fuzzy sets theory, cluster analysis, metrology of qualitative analysis Organic chemistry: synthesis of a chemical modified silica Analytical and Physical chemistry: surface probing, characterization of a chemical modified silica
